

Key Stage 3 progress grid

Subject Geography

Years 7-9

Topic / skill area Overview of all skill areas

I am able to.....	
<input type="checkbox"/>	You can assess and evaluate the extent to which a range of geographical factors contribute to the differences between places.
<input type="checkbox"/>	You can explain how human and physical processes interact to influence and change landscapes, environments and the climate.
<input type="checkbox"/>	You are able to design, data collect, analyse and evaluate your own investigation, demonstrating advanced levels of initiative and creativity.
<input type="checkbox"/>	You are able to use fieldwork in contrasting locations to collect, analyse and draw conclusions from geographical data, using multiple sources of increasingly complex information
<input type="checkbox"/>	You can analyse the differences between places on both regional and global scales.
<input type="checkbox"/>	You can apply your understanding to compare human processes in a range of places and /or scales.
<input type="checkbox"/>	You can apply your understanding to compare physical processes in a range of places and /or scales.
<input type="checkbox"/>	You can effectively carry out all stages of a teacher-guided geographical enquiry
<input type="checkbox"/>	You are able to use Geographical Information Systems (GIS) to view, analyse and interpret places and data
<input type="checkbox"/>	You can use case studies to draw links between different places. Location can be described in a more detailed manner.
<input type="checkbox"/>	The causes and impacts of human processes can be explained in a detailed manner.
<input type="checkbox"/>	The causes and impacts of physical processes can be explained in a detailed manner.
<input type="checkbox"/>	You can begin to evaluate the enquiry process and/or the limitations of the results.
<input type="checkbox"/>	You can use a range of GIS skills to complete simple tasks.
<input type="checkbox"/>	You can describe key human and physical features of different places on range of scales.
<input type="checkbox"/>	You can begin to explain the causes of human geographical phenomena.
<input type="checkbox"/>	You can begin to explain the causes of physical geographical phenomena.
<input type="checkbox"/>	You can draw conclusions and begin to explain findings.
<input type="checkbox"/>	You know how to use maps, globes and atlases and can apply these skills when completing simple tasks.
<input type="checkbox"/>	You can recognise and begin to describe differences between places on a small range of scales.
<input type="checkbox"/>	You can define or describe how human processes occur in a basic manner.
<input type="checkbox"/>	You can define or describe how physical processes occur in a basic manner.
<input type="checkbox"/>	You can carry out and describe basic data collection methods.
<input type="checkbox"/>	You can apply more advanced skills eg advanced map skills or annotation
<input type="checkbox"/>	You can recognise key features of a local place and describe its location in a basic manner.
<input type="checkbox"/>	You can name geographical processes.
<input type="checkbox"/>	You can identify basic steps to enquiry.
<input type="checkbox"/>	You are beginning to use basic geographical skills such as labelling or simple map skills eg 4fgr.
